Commenting on the results Mr. S.K. Bangur, Chairman & Managing Director, West Coast Paper Mills Limited said: The paper industry continued to operate in a challenging environment during Q3 with margins impacted mainly by rising imports of paper resulting in competitive pricing pressure. While demand in core writing and printing grades remained broadly stable, realizations were affected across segments. West Coast Paper Mills maintained strong operational discipline with continued focus on efficiency and cost control. The Company remains committed to strengthening raw material security and sustainable operations and we expect the current pressure phase to stabilize and remains confident about the growth outlook for the industry.
